## Interactive Discussion and Dialogue

This side event will focus on why and how the realization of sexual and reproductive health and rights, as agreed by consensus at Vienna, Cairo and Beijing, is integral to the final phase of the MDGs and the formulation of the Post-2015 Development Agenda. In particular, it will focus on the advances made as well as the remaining gaps and challenges in advancing gender equality and the human rights of women and adolescents in the important dimensions of sexuality and reproduction. The side event will take the form of an interactive dialogue among key stake holders.
